“ Talley offered a great service to us through trying times and were able to deliver on every promise made, with excellent communication at the forefront of everything they did. I believe that the Talley products we have received have been great quality, the people we have dealt with supremely professional and in a time of chaos, the logistical accuracy and organisation was superb. Talley left us with nothing more to do than what was already on our very busy and hectic schedules and for that we are all extremely grateful. I would recommend Talley for any bed frame and mattress system procurement and installation. ”

(Newcastle upon Tyne Hospitals  
/North East Nightingale Hospital)
